About the Poll

These results are based on a survey of 365 likely voters in the 2020 New Hampshire Republican Primary for President. Live telephone interviews were conducted December 3-8, 2019 via both landline and cell phone using conventional registration based sampling procedures. Results were weighted to known and estimate demographic parameters on party registration, age, gender, race, education, and region. The margin of sampling error for the full sample is +/- 5.1 percentage points with a 95 percent level of confidence. The poll was sponsored by WBUR, a National Public Radio station in the Boston area.
