About the Poll

These results are based on a survey of 501 likely voters in the 2020 General Election in Massachusetts. Live telephone interviews were conducted August 6-9, 2016 via both landline and cell phone using conventional registration based sampling procedures. Results were weighted to known and estimate population parameters on age, gender, race, party, education, and region. The margin of sampling error is +/- 4.4 percentage points with a 95 percent level of confidence. The poll was sponsored by WBUR, a National Public Radio station in the Boston area.
