SPONSOR'S STATEMENT. to Assembly, No. 166

The purpose of this act is to secure proper recognition of service and merit of police officers by preventing men from outside municipalities being appointed to superior positions over their heads and without regard to years of faithful service in their own department.

It has become the practice of men who have retired from one police department, receiving a pension therefrom, and receiving appointment to superior positions in other municipalities, thus having two sources of income and at the same time destroying the morale of the men who are, by faithful and efficient service, striving for promotion.

It is to prevent such injustice that this bill is intended.
