Mr. Leo Terrell  
Senior Counsel to the Assistant Attorney General  
Civil Rights Division  
United States Department of Justice  
950 Pennsylvania Avenue NW  
Washington, DC 20530

**Re: Civil Rights Division Task Force on Combatting Antisemitism**

Dear Senior Counsel Terrell:

The City of Boston has received your letter dated March 13, 2025, requesting a meeting with the Mayor, City officials, and local law enforcement leaders to discuss the City's partnership with Greater Boston's Jewish community to combat antisemitism. Boston has one of the most vibrant Jewish communities in the United States, a source of pride and strength for our City and our region, and we stand firmly against antisemitism.

We take seriously the discussion of antisemitic incidents that you have requested. In order to ensure that we are prepared for a productive discussion with you and your team, we ask that the Division share with us any information on the incidents of antisemitic conduct in Boston referenced in your letter.

We are proud to have built a partnership with the Jewish community of Boston over many decades and are encouraged that the Division will engage community leaders in these discussions as well. We look forward to reviewing any and all information the Division provides as we prepare for a future meeting and will be in touch with your office to make arrangements.

Sincerely,

A handwritten signature in blue ink, appearing to read "Adam Cederbaum".

Adam Cederbaum  
Corporation Counsel
