

17 Massachusetts Mini Golf Superlatives

Compiled By Mass Mini Golf Duo James & Kyle:

Best Mini Golf

(Pass! See the website for a tough to narrow it down to Top Ten)

Silliest Structure

Red Barn Pizza, Eastham

From the wide-eyed expression to the slightly lumpy texture and vaguely human squatting pose, this terrific rabbit is just about at the top of the list.

Largest Practice Green

Max's Country Golf, Tyngsborough

Massive practice green (but blue).

Longest Hole

12th Hole, Putts & More, Holliston, MA

We didn't take a measurement, but it's long.

Most Adorably Useless Prop

Popponesset Mini Golf, Mashpee

Everything about this totally unnecessary ramp is perfect and we love it.

Most Irredeemable Hellscape

5th Hole at Paragon Mini Golf, Hull (Now Closed)

Sandwiched between roaring traffic and dying plants on one side, and a dry, abandoned water feature on the other, one is left to navigate torn, unloved greens and loose brickwork. If there's a mini golf hell, this is it.

Best Hole Signage

Kimball Farm, Westford, MA

These detailed miniature hand-painted versions of each mini golf hole are delightful.

Most Disorienting Hole

11th Hole at Project: PUTT! in Malden, MA

A cylinder of bright lights rotates around you like a carnival ride while you aim and try not to feel ill (or maybe we're just old and have weak stomachs).

Most Absurd Cup Seemingly Hand-Hammered by Paul Revere Himself

Golf On the Village Green, Natick

-Circa 1775

Most Destroyed Prop

19th “Bonus” Hole Cow at White Farms, Ipswich

What did this (former) cow do to deserve this? Presumably people hit the ball everywhere but into the cow’s mouth for the free round.

Most Retro Vibes

Wellfleet Dairy Bar and Mini Golf, Wellfleet

Time capsule course!

Most Mundane Observation

Starland Sportsplex & Fun Park, Hanover

The only ball washer we have seen on a mini golf course to date is located here.

Best Hole Numbering Style

Longhi's Mini Golf, Southwick

Something about this lovingly detailed 3-D font just works

Bluest Water

TIE – River Hollow Mini Golf, Monson, and Lakeview Driving Range, Lunenburg

Such majestic, deep vivid hues of blue water can only be found on mini golf courses.

River Hollow Above

Lakeview Driving Range Above

Most Enjoyable Little Detail

Golf On the Village Green, Natick

We would love to take a walk down these little steps chiseled into the rock at the base of this lighthouse and paddle out in the boat. Totally unrequired detail and totally worth it.

Best Pencil

Bud's Mini Golf, Harwich, MA

Not content with the common no-frills pencil, Bud's has gone above and beyond with this nice design featuring a smiling crab and a golf ball.

Most Things on the Course

Cataumet Light Mini Golf, Cataumet

This course seemingly throws everything but the kitchen sink at holes, with decor including little houses, bridges, road signs, loop de loops, buoys, lobster traps, and more...there may even be an actual kitchen sink somewhere here.

Most Likely Course on Which to Have a Live Goat Witness Your Hole-In-One

Max's Country Golf, Tyngsborough

Realistically probably the only location, but that remains to be seen with 15-plus courses left to play.
